	Using technology in a wrong way has created bad habits and new types of addictions. It is not strange now to call someone an Internet or mobile addict. Technology addicts are people with serious problems to control themselves to use different kinds of technology, specially the Internet, smart phones, tablets and laptops.		
	Technology addicts don't like to have relationships with other people; instead, they prefer to be alone and spend lots of their time working with their devices. This makes them depressed and impatient.
